

Job Creation Fund (JCF) Program Application

APPLICATION PROCEDURES

The Job Creation Fund (JCF) Program provides job creation awards and capital investment rebates to designated businesses that retain or create high-paying, full-time permanent jobs and invest in real property improvements. The program is available statewide for manufacturing, distribution, warehousing, and other eligible business activities.

Applications are accepted on a year-round basis as funds are available.

To become a designated JCF business and receive benefits, a business must work in conjunction with the local government where the JCF business will be located. A JCF application must be completed and submitted to the Department of Employment and Economic Development (DEED) by the local government. Step-by-step instructions are listed below and applications may be submitted by mail or email to:

Completing the Job Creation Fund (JCF) Program Application: Step-by-Step Instructions

In consultation with DEED, the local government will make a preliminary determination about whether a business meets the minimum program requirements. Use the Job Creation Fund Eligibility and Application Checklist on the program website for guidance. If a business is potentially eligible, the following steps are completed:

1. The business provides the information to the local government needed to complete JCF Application. A local government resolution in support of the project must be included. Local officials must submit the application to DEED.
2. DEED evaluates the application and notifies the local government and business of approval or denial. If approved, DEED will formally designate the business as a JCF business and determine a job creation award and/or capital investment rebate amount. Awards and/or rebates of \$500,000 or more require DEED to hold a public hearing.
3. Jobs created and/or capital investment expenditures may be counted after the business is formally notified by DEED that it has been designated as a JCF business.
4. DEED will draft a business subsidy agreement specifying the award and/or rebate to be provided after required job creation and capital investment goals are met. The JCF business and the DEED commissioner sign the business subsidy agreement.
5. The local government will assist the business with submitting required annual progress reports, payment request documentation, and other information requested by DEED. The local government will also provide information on annual changes in wage requirements.

**Consent to Release Private Business Employment and Wage Data
Collected and Maintained by the Unemployment Insurance Program
Minnesota Department of Employment and Economic Development (DEED)**

Your business is requesting financial assistance from a DEED business finance program that requires a commitment to create and/or retain jobs at selected wage levels. To help verify your current and future employment and wage levels during your participation in the program, DEED's Business Finance Office staff needs to review the monthly and quarterly employment and wage data that you submit to DEED's Unemployment Insurance Program (UIP).

Because your UIP employment and wage data is private, it cannot be provided to Business Finance staff without your permission. The data that will be provided with your permission includes aggregate Minnesota employment levels for your company and at the project site, as well as specific wages and hours worked by your individual employees in Minnesota. **It is important to note that data or information on specific individuals will be identify-protected so information such as social security numbers or names will not be provided.**

Once you provide permission for UIP to share the data, UIP can provide the data to the Office of Business Finance. You have the right to not provide consent by refusing to sign this consent form, however refusal may limit business finance program eligibility. The Office of Business Finance may not release the data to any parties other than to your business representatives and will only receive the data until all job creation and wage level commitments have been met.

To view the data or if you have questions, please contact Bob Isaacson, Executive Director, Office of Business Finance at 651-259-7458 or bob.isaacson@state.mn.us.

I give my permission for the Unemployment Insurance Program to release monthly and quarterly employment and wage data to DEED's Office of Business Finance; and

I understand that this data will be used by the Office of Business Finance to verify job and wage goal attainment associated with financial assistance it provides.
