

ENTREPRENEURIAL DEVELOPMENT LOAN FUND APPLICATION

PROGRAM DESCRIPTION

The Oregon Entrepreneurial Development Loan Fund (EDLF) was created by the 1991 Legislature. In general, the EDLF allows Business Oregon to make initial loans of up to \$75,000 to entrepreneurial businesses. An additional follow-on loan may be made up to a total, including the initial loan, not to exceed \$100,000. (A new application with justification is required for a second loan.)

The fund has the following criteria:

1. The applicant must be enrolled in or have completed a Small Business Development Center (SBDC) or other certified counseling entity program.
2. The applicant must prepare a business plan and have it reviewed by an SBDC or other certified counseling entity.
3. An expenditure plan must be prepared (included in this application).
4. Applicants must satisfy one of the following conditions:
 - The business has revenues of \$500,000 or less for the previous twelve months.
 - The business is owned by a severely disabled person.

Loans must have a reasonable prospect of repayment and borrowers must provide collateral, although not necessarily real property collateral. Applicants must provide a minimum of 20 percent equity in the project in the form of cash, property or business equity. The maximum term for a loan is generally five years. Refinancing of existing debt is ineligible.

APPLICATION PROCESS

Prospective borrowers from the fund complete an application and submit it to the department. Application materials must be complete, including all necessary attachments, a business plan reviewed by an SBDC and required signatures of the applicant. A complete application will help expedite loan processing time.

CONFIDENTIALITY STATEMENT

Information in financial statements submitted to the department is subject to public records law, ORS 192.410, 192.420, 192.496, 192.501, 192.502 and 192.505. Certain information in the department's possession may be made available for public inspection after an application for financial assistance is received. This information includes the names of the applicants, including principals; the amounts, types and general terms of financial assistance; description of project and business benefiting from financial assistance; number of jobs projected or saved in connection with the project; and the names of the financial institutions participating in the process.

Certain other records the department may keep confidential under certain circumstances. These include, but are not limited to: reports obtained in confidence from creditors, employers, customers, suppliers; financial statements, tax returns, business records, employment history and other personal data submitted by the applicant; formulas, plans, designs or related information which constitute trade secrets under ORS 192.502(2); customer lists; production, sales or cost data; and marketing strategic information.

If an applicant desires information to be kept confidential, the applicant should clearly identify what information or documents he/she wishes to be kept confidential.

Although the department will attempt to keep the information submitted confidential, it cannot guarantee confidentiality in all cases. The applicant may wish to consult with his/her own attorney or discuss applicable statutes with the department staff.

ADDITIONAL PROGRAM INFORMATION

Loan terms

The maximum loan term for an EDLF loan is generally five years. The actual term will be limited to the asset life of assets to be purchased and the repayment capability of the applicant. The interest rate will be set to at least two percentage points over the prime interest rate and will be fixed for the term of the loan.

Collateral standards

The Administrative Rules require that the applicant provide collateral for the EDLF loan. Tangible value in land, building or equipment must secure an EDLF loan. On real estate with current appraisals from a certified appraiser, the department will consider loans of up to 90 percent loan to value. Advance ratios on equipment are dependent on quality of recent appraisals, type of equipment being financed and recent transaction prices of similar equipment. Additional security may be required for loans, such as assets owned by applicants personally or other off-project assets. Personal guarantees will be required as a general rule.

Equity

An applicant must provide a minimum of 20 percent of the amount of the loan in equity. Equity can be cash, real or personal property controlled by the applicant and committed to use in the project for which a loan from the fund is being sought. Equity contributed to the project other than cash will be conservatively valued. Additional equity and/or cash will be viewed very positively as a cushion against unforeseen expenses.

Business plan

The applicant must prepare a business plan and have it reviewed by a Small Business Development Center or other certified entity. The SBDCs have adopted an acceptable format for the plan. Copies are available at any center.

Enrollment in a counseling program

An applicant for the program must be enrolled in or have completed a counseling program offered by an SBDC or other certified entity. The department views the assistance of the SBDCs or other certified counseling entities as key to the success of the business and the program. It is expected that each borrower will continue to work with and seek advice from the SBDC or other certified entity.
