

# TEXAS WORKFORCE COMMISSION SKILLS FOR SMALL BUSINESS PROGRAM

## Program Overview

### Introduction

The Skills for Small Business (SSB) program is an exciting opportunity for a small business to request training for its employees that will help the business improve its overall operations. The Texas Workforce Commission (TWC) implemented this initiative in coordination with the Office of the Governor's Small Business Forums in an effort to address the training needs of small businesses in Texas. TWC welcomes your application and will work with you and the public community or technical college of your choice to provide the training your business needs to be successful.

Below is information on eligibility, program parameters, and data reporting requirements. Following that is the application that must be completed, signed, and returned to TWC for review and approval prior to the start of training.

***Our Customer Outreach and Support Team is available to answer any questions you have about the program and/or assist you in completing the application. Please call us at (877) 463-1777 or by e-mail at [Skills@twc.state.tx.us](mailto:Skills@twc.state.tx.us).***

### Eligible Applicants

- To participate in the SSB program, a business must:
  - Be a private business;
  - Employ at least one and not more than 99 individuals companywide;
  - Be financially stable;
  - Be liable to pay Unemployment Insurance contributions to TWC and be in compliance with the reporting and payment requirements; and
  - Be in compliance with the Texas Business and Commerce Code.

### Program Information:

- The program will cover the following costs:
  - Tuition and fees costs for course offerings provided by public community and technical colleges in the local area – see listing of eligible institutions. (*Important Note: the SSB program will not cover costs for course offerings from third-party vendors, universities, or proprietary or vocational schools*);
  - Up to \$1,450 in a 12-month period for a new employee; and
  - Up to \$725 in a 12-month period for an existing employee.
- For the purposes of this program, a ***new employee*** is defined as an individual who is hired in the three months prior to TWC's receipt of the application requesting training. An ***existing employee*** is one who is currently employed by the business and has been employed for longer than the three months prior to TWC's receipt of the application.
- Businesses will be responsible for all course costs not covered by SSB funding.
- It is a requirement of the program that the hourly wage of each employee for whom training is being requested meets or exceeds the prevailing wage for that occupation in the local labor market. TWC will use local labor market wage data to determine if this requirement is met.

## **Data Reporting Requirements:**

If your application is determined to be fundable, the business will be required to provide TWC with specific data on each participating employee before the application is approved and funds are released to the college. It will be used by the college to track each employee's progress in the approved courses and report monthly to TWC.

The following are the required data elements that must be provided to TWC before the agency will give final approval on the application and release funds to the college for the requested training:

- Employee's full name, middle initial (if applicable), and last name
- Employee's Social Security Number\*
- Employee's mailing address
- Employee's birth date
- Employee's veteran status (Yes or No)
- Employee's hire date

\* ***IMPORTANT:*** *There is NO alternative to the use of a SSN as the identifier of individual employees participating in the Skills for Small Business program. Employees who do not allow the release of this information to TWC will not be able to participate in the program.*

This information must be received by TWC before final approval of the application and release of funds to the college. All SSB program funds will go directly to the college to cover the costs of the approved training. The business will be responsible for any balance due to the college, which must be paid in full prior to the first day of classes or by the selected college's payment deadline.

***Important Note:*** *If an employee withdraws from an approved course before the withdrawal deadline, TWC will be refunded the amount paid by the SSB program, with any remaining balance going to the business.*
